Our company profile

ATU (Panama) SA was established in 2009 as a subsidiary of Allgemeines Treuunternehmen (ATU), Vaduz, which was founded in 1929. Today, ATU is an internationally active trust company that has its headquarters in the Principality of Liechtenstein, and subsidiaries and offices in various major financial centres. It focuses mainly on international asset structuring for private clients and companies.

For almost 90 years, the ATU Group has been serving the needs of a discerning international client base with a careful and professional approach to financial consultancy. ATU (Panama) SA draws on this tradition and experience to offer a broad range of similar and new services from Panama.

Our clients have confidence in Panama and Panamanian structures for several reasons. Among them are Panama's political stability, its flexible and investor-friendly legislation, its outstanding qualities as a world-class business centre, it having the US dollar as its currency, a very good communication infrastructure, and, last but not least, its status as a very foreigner-friendly country in Latin America.

Choosing Panama as a location gives us the opportunity to capitalise on the benefits of this financial centre, to strengthen our existing relationships, to expand our range of services, and to gain new clients.

We combine top quality and first-rate efficiency with personal and individual support for our clients – creating the best foundation for a long-term collaboration based on mutual trust.
